

**Official Opening**  
**Friday 3<sup>rd</sup> February 2012**  
**10:00am to 1:00pm**

***New Adult Autism Inpatient Service***

We are delighted to announce the official opening of our new Adult Autism Inpatient Services for male and female patients with Autistic Spectrum Conditions at St Mary's Hospital, Floyd Drive, Warrington WA2 8DB

The service will provide a safe and effective care programme using a person centred approach, with the aim of achieving fulfilling and rewarding lives

During the open day, you will have the opportunity to tour our new Leo and Hopkins wards, learn about our service whilst receiving detailed clinical presentations from our team and guest speaker
